

**Daniel K. Leggett**, age 51. Dan **Leggett's** courageous battle with Lou Gehrig's disease ended at his home in Dayton, Oh. on Saturday, June 19. Dan is survived by his wife of 25 years, Debbie; their 3 daughters, Jamie, Jessica and Jennifer. He is also survived by his parents, Dorothy and Harry **Leggett**; a sister and her husband, Debbie and Allen Carnes;

brother and his wife, David and Nancy **Leggett**; and numerous nieces and nephews, all of Columbus. Dan was active in his children's lives, coaching soccer before becoming too ill to coach. He loved golf and anything to do with computers. Before starting his own business, LM Tech with Kent Meyer in 1983, Dan worked at Wright State University and G.M.A.C. We plan to have a memorial service at our home in the near future. We love flowers, but would prefer instead that donations be made to Hospice of Dayton, 324 Wilmington Ave., Dayton, Oh. 45420. A huge thank you to everyone at Hospice who helped care for Dan and to family and friends who prayed for and supported us through this ordeal.
